Predicting fire from Heaven: Using the observation of the planet Mars to predict escalation in Israel. Escalation for the year 2021 is to take place between Feb 9 2021 and May 13 2021 when Mars goes within 30 degrees of the lunar node. Read chapter 24 of Ares Le Mandat to see the previous correlations between Mars and escalation in Israel http://www.thedowcast.com/israel-gaza---predicting-fire-from-heaven.html

Stay within the realm of actual psychic-type predictions.

Include as much detail as you can, anything you can put into words. Dates/time frames, colors, sensations, terrain, odors, anything that will fill out the picture of the prediction increases your accuracy.

One prediction per post.

Mind your formatting. Give a clean look to your posts. No walls of text. No cramping up data. Give each segment its own space. Use punctuation.

Rules:

1. **Predictions must be of your personal psychic or divinatory origins. (Bible prophecies are disallowed)**

Posts & Comments

A permanent and immediate ban will result from posts that are not clearly the result of psychic-type, divinatory, or other extrasensory origins.

2. **Incivility/Bullying/Trolling/Harassment**

Posts & Comments

Prediction is a complex thing. It's often inexact and requires a lot of filtering. When you criticize and harass other users here, you demonstrate that you know absolutely nothing about it. The best choice is to refrain from commenting.

Psychic/prophetic dream predictions are to be taken as they are. Posts can be edited and until the event happens, that information can be edited in good faith.

This is not restricted to just the user making the prediction. Don't be a jerk to anyone at any point.

3. **Political predictions must be specifically psychic/divinatory**

Posts & Comments

Political issues posted here must come only from psychic or divinatory sources of your own. This subreddit is for predictions. **Political predictions are fine.** Political shitposting and/or discussion is not and will be removed.

4. **Criticism of a prediction**

Posts & Comments

No "correcting" predictions.

Predictions stand on their own. Posts stand on their own and are not subject to what others may consider to be scientific or "real world mechanics". Don't do it. Comments to that effect will be removed. Offenders will be banned.

5. **No piggybacking on another prediction.**

Posts & Comments

Do not piggyback your prediction in the comments of a prediction post. Make your own prediction.

6. **There is a five year cap on the prediction time frame.**

If you have a particularly compelling prediction that you feel warrants an exception for your post, talk to the moderator before posting for permission.
